

## **We Have Moved**

As a result of our continued growth we have found it necessary to move to larger premises and our new depot is only a mile from our old one. The extra space has allowed us to invest in new state of the art paper and cardboard baling machinery. This will streamline our operation as we will be able to bale and neatly store all of the material we have shredded prior to delivery into UK paper mills. Our new address is shown on this site along with all of our other up to date details.
